December 22, 1982

Dear Professor da Costa,

I have just received 12 copies of
 Manuscrito (Revista de filosofia),
 published by Centro de Logica, Epistemologia
 e Historia da Ciencia of Unicamp.

I assume that you have sent to
 me. I would like to thank
 you for your kindness. In three of
 these manuscripts there are several
 English articles on most interesting
 metaphysical themes which also belong
 to the area of my interest. I
 am now studying them.

What I would like to work on with
 you is constructing your consistent
 epistemic logic & ontology based on
 your consistency. I shall write you
 more about this in my next letter.

I wish you a Happy New Year.

Sincerely,
 K. Sadegh-zadeh
