Prof. Dr. Newton C.A. da Costa

Dear Professor da Costa,

Thank you for your letter dd. July 1st. It took some time for this letter to arrive and it took me some time to check for the papers. It is a pleasure for me to inform you that both papers have been accepted for publication in Logique et Analyse.

Life stays hard. I am very busy preparing two conferences (the organizational stuff I mean), my mother has been in the hospital for more than two months and is very bad, and I have some health troubles myself (my back). I hope you forgive me for this short letter, I absolutely need some rest.

With best wishes,

Diderik Batens
