Dear Prof. Costa Ribeiro:

From Prof. Israël, Buchau (Germany), I was informed about about your researches on the "thermo-dielectric Effect".

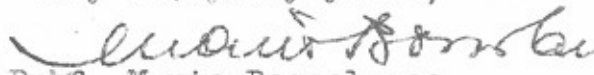

As we have not here the publications of the Academia Brasileira de Ciencias, I please you kindly to send me - if possible - the reprints of yours papers on the mentioned subject.

In advance, I thank you very much.

By this occasion, I inform you that I will be very glad if you will remember in the future, that I am very well disposed to publish original results of your researches that are related to the Geophysics (or Meteorology). We publish original papers in english, as well as in German or French. "Geofisica pura e applicata" forwards to the Authors 50 reprints gratis.

With my best greetings, I am,

Very sincerely yours,

Prof. Mario Bossolasco,  
Director,

Istituto Geofisico Italiano,  
Casella post. 3689, MILANO.
